## POST CARDS

**It's great to see Jim and Barbara Klein back at the bridge table .** They were away too long. Welcome - and have a good time.

**Theresa Wagner**, a long and active member of the Pittsburgh bridge community, became ill about 3-4 months ago. Because she can no longer drive, she has been absent from the game. If you would like to send a card, her address is: 8060 Chaske Street, Verona, PA 15147. I know she would love to hear from you.

## IN MEMORY

**Dr. Norman Williams** died in April. Married to Alice, Norman was a very accomplished bridge player and an active member of the PBA.. Until illness forced him to stop, he played regularly at our local games. Norman was much more than a fine bridge player, he was a highly respected physician who had his practice in Pittsburgh. He was also a very nice man who never complained about his debilitating illness. Our deepest condolences to Alice and his children. He may have passed away, but his memory will be with us forever.

**Ada Nye**, a North Hills regular, passed away in early April at 91 years of age . She played often and well when the games were at the Masonic Center. She was a well liked partner and opponent, always gracious at the table and away. Ada has not played in several years and has been missed. She was a Silver Life Master. ...Phyllis Geinzer

## NOTE

As of June 1, 2018, the Pittsburgh Bridge Association will no longer award free entries for winners.

## BRIDGE BYTES

.....By Ernie Retetagos

### 3 NO TRUMP

In each of the following hands, several pairs had trouble finding their way to 3 NT. West would deal and open a 15-17 point 1 no trump.

	W	E		W	E
#1	S- A Q 8	S- K 4 3 2	#2	S- K 10 8 7	S- Q 6 2
	H- Q 6 3	H- K 10 7 4		H- A K Q 3	H- J
	D- A Q 6 3	D- 9 8 7 2		D- K 7	D- Q 10 6
	C- Q 6 3	C- A		C- Q 7 4	C- K J 10 9 8 5

**Hand # 1**, in spite of it's Q 6 3 in almost every suit, is a real hand that I defended against. East would bid 2 clubs and hear partner rebid 2 diamonds. Even though opener denies a major, East still has to bid game. If they just rebid 2 NT, I wouldn't blame West for passing with their featureless box. Opener would usually accept with 16 high card points. With 10 HCPs, East has to bid 3 NT. Game rates to make more often than not, and you want to be in the same, normal contract as the majority of the room. After a club lead to the Ace, game looks very iffy. I'd probably start by leading a heart to the Queen, which holds. No matter how you continue, South holds King 3rd of clubs, and every suit was friendly, so most declarers made 10 tricks.

**In hand # 2**, East wants to be in game if partner has help in clubs. Every partnership should have a way of getting to game with a long minor and invitational values. Some pairs play that a 3 club response shows this type of hand. If opener has a card in clubs, they should accept the invitation, and bid 3 NT regardless of point count. Other pairs play 4 way transfers. If 2 spades is a transfer to clubs, opener can, by agreement, bid 3 clubs or 2 NT, to show if they like or do not like clubs. If opener says that they like clubs, responder should bid 3 NT. .

The play of 3 NT is interesting after North leads a 4th best 8 of diamonds. If declarer lets the 10 hold the first trick, they will soon regret it. South will hold up twice in clubs. If you continue with a 3rd round ,they can win and return their 2nd diamond to the King, which holds. You can now only come to 8 tricks. If you switch to attack spades after 2 rounds of clubs, that won't work either because North has A J 5 of spades to go along with their diamond suit. Life is easier if you win the diamond King at trick one, creating an entry. Now, after South wins the 3rd round of clubs, the defense has to shift to hearts on this trick or the next. The Jack wins, and declarer should just cash one more club, pitching a red card. The Queen of spades continuation, followed by another spade, guarantees 9 tricks in all variations.

**A GREAT DAY AT THE NATIONALS.....Craig Biddle**

I played in a Regional Swiss yesterday with Bernie Greenspan as my partner and Fred Schenker and Bernie Fudor as teammates. As game time approached, the room became flooded with the stars of bridge, since the Vanderbilt KO starts tomorrow and people were using this event as a tuneup.

For our first match, my table opponents were Simon de Wijs and Bauke Muller, who have both won the Bermuda Bowl, one of the annual world team championships. On the first board, Bernie and I found a difficult defense to beat 3NT after de Wijs found it impossible to resist declaring 3NT with QJxxxx of the suit. Bernie opened, despite Muller having announced a strong hand with good spades. (Bernie and Fred played 2S making 4 at the other table.) A few boards later, our opponents had a strong 1C auction that revealed little except that dummy had no 5-card major or 6-card minor and short clubs. I was on lead with S-xx H-10x D-Q9xx C-Q10987 and chose to lead the C10. Dummy had S-KQJx H-AJ32 D-A10xxx C-void. Declarer pitched a diamond from dummy and Bernie won the ace and returned the C6. Declarer now went into the tank, since his club holding was KJxxx. Eventually, he judged to play the CJ here; I won the Q and cleared clubs as he pitched 2 more diamonds from dummy. Declarer, who had been dealt S-Axx H-Q8x D-Jx C-KJxxx, now led a low heart and I echoed (thoughtlessly) with the H10 as the HJ lost to the HQ. Bernie decided to play a low heart back, and declarer huddled again, finally deciding to go up with the HQ. That left him with vague squeeze chances and the chance of a 3-3 heart break, but none of that came about and he was down 1.

After the hand was over, I remarked to declarer that my H10 had been a mistake, and that he could have made it. Declarer agreed, but dummy could not resist chiming in with, "Yes, he overestimated you." We all had a good laugh. For we won this match by 15 IMP to score 16 VP (out of 20).

In the next round we drew two members of the Irish Junior National team at our table, playing with their coach and sponsor at the other. Bernie and I got to 3NT from the unlucky side, they found the killing lead, and beat us a trick. At the other table, they played 3NT from the other side, natural lead and they made it. On the next board, Fred and Bernie got to slam needing to lose no trump trick from AJx opposite K10xxxx (a bit better than 50%) but failed to find the Qxx of trump. Later in the match, Bernie and I got to an animal 3NT with 8 sure winners and Kxx in declarer's hand opposite xxx and we made it. We lost by 5 IMP's

For the third round, we drew a couple of Israeli internationals. On the first board, we played 3NT with S-A1097 opposite K432, there were two aces to lose, and the hand on lead (the SA hand was declarer) decided to lead the SQ from QJ8x, so we had 9 tricks, as did the declarer in 4S at the other table. A couple of boards later, the opponents reached 5D needing to pick up a trump suit of KJ10 opposite A8xxx for no loser, with an opening bid from the hand behind the KJ10, and the other hand marked with the SA from the first trick. Naturally enough, he played K, then J, and lost to the Q. Down 2. At the other table, the opening bidder decided to lead from his XX in trump to protect his high cards. Later in this match, I had S-108xxx H-Jxx D-x C-QJxx. LHO opened 1C (could be 2), Bernie overcalled 1D, and RHO bid 2D to show 6+ H weak or GF. I passed, of course, and LHO bid 2H. Now Bernie chimed in with 2S, RHO bid 4H, and I bid 4S. This was passed around to RHO, who now bid 5C. I doubled this, LHO removed to 5H, and Bernie bid 5S. LHO doubled this, with reason since he had S-Kx H-xx D-KQ10xx C-A10xx, but Bernie had S-AQxxx H-Ax D-AJxxxx C-void and they led a diamond; Bernie was able to ruff four (!) diamonds in dummy while taking one trump finesse, establishing his last diamond for a vulnerable overtrick and +1050. Meanwhile, Fred and Bernie got doubled at the 5-level and went for 800. We won a blitz!

In the 4th round, we drew Jill Levin (wife of Bobby) and daughter of Gail Greenberg, a great woman en player. We had a very good match and won by 18 and were 11th place at dinner.

In the evening session, we faced Johan Sylvan and Frederick Wrang, two Swedes who finished 2nd in the Bermuda Bowl in 2015. At the other table, Bernie and Fred had to field Roy Welland and Sabine Auken, easily the craziest pair in top-level bridge. They beat us by 14 with a long succession of small pickups, and a 7 IMP pickup when Roy and Sabine found a triple squeeze defending 1NT by Bernie, and beat him 4 (!) tricks vulnerable. Bernie and I contributed to the debacle also by getting to a shaky vulnerable game that needed 2-2. Humorous sidelight on this match; after Sylvan went -1 in 3S with several cards wrong, Wrang remarked that his partner was an excellent declarer but was very bad at finesses.

For the 6th match, we drew Paul Fireman (founder of Fidelity Investments) and Gavin Wolpert; they blitzed us when Fred and Bernie got to a poorish slam that failed by multiple tricks on a 4-1 trump break, and Fred had a lapse and went down in a cold game.

And in the 7th match, we drew a strong Canadian team and lost by 6 when Fred and Bernie again went down in a slam that was not bid at our table. Curious hand from this match - on the first board with the opponents vulnerable, I saw Bernie open 1D (promising 4) and RHO overcall 1S. What's so curious about that? I held S-AJ952 H-97 D-AQ1063 C-5. I decided to cue-bid, Bernie denied anything extra by rebidding 3D, and I went into a long tank. One of Bernie's possible hand types, though, was a balanced 12-14 with 4D, so I passed. Bernie made 11 tricks on a spade lead; a trump lead would have held him to 10. And Bernie and I jockeyed the opponents into the lovely contract of 4NT (again, vulnerable) and beat it 3 tricks. At the state of the match, I should have doubled - this would have netted us a win by a single IMP. And then there was this board, where I aged Bernie by at least 6 months in the space of 7 minutes or so. I opened 1C (12-14 balanced with 3+ clubs or 44 majors and 3D, or 15+ with clubs, or 18+ with any long suit) and his RHO overcalled 1S. With S-KJxx H-x D-J10xx C-K10xx, he bid 1NT of course. I bid 3H, natural with 18+ (2H also would have shown this, so he knew I had extra hearts). He bid 3NT, of course. Now I huddled for a while and bid 4C; he raised of course. But I bid 5H and he passed. Now his RHO thought for a long while and led the DA. It went small, small, K. Another long huddle, and the SA, low, low, Q. Now a loooooong huddle, and another spade. I played the SK and pitched a club, led a heart to the A, and claimed when everyone followed since I had been dealt S-Q H-AKQ10xxxx D-K C-Axx,

But we finished over average in a field studded with stars, and Bernie G and I generally had good results. I met a lot of very nice people who just happen to be really, really good bridge players, and had a generally good time even though, measured by masterpoints, I only won 1.95.

### INTERNET POST

You are South, IMP's, both vulnerable

You hold:

S A 10 2  
 H A Q 9  
 D ----  
 C A 10 9 7 6 3 2

The bidding is:

NORTH	EAST	SOUTH	WEST
1S	PASS	2C	PASS
2D	PASS	2S	PASS
3D	PASS	3H	PASS
4D	PASS	? WHAT DO YOU	
BID?			

**Richard Katz 6S** I would bid six spades and hope to make it. Seven may make, but with suggested trump out, not worth risk.

**Trudy Cohn: 6S** I will bid 6 spades. Partner is at least 6 of each suit. He will have to either establish his diamond by ruffing in my hand or set up my clubs if he has at least one club for transportation. It's going to be a tough hand but looks as if we can make it.

**Herb Sachs: 7S** Seven spades-feel frisky Although 4D didn't aid my thought process, partner MUST have interest in a grand with six/six or at worst six five; seven spades should have a very good play if not a laydown.

**Jack Hawthorne:** I bid 6S. It might make 7 in a perfect world, and if so, I should bid 5NT, but I'll settle for six.

**Paul Caplan: 6 spades** it sounds like partner is 6-6 in spades and diamonds. there should have a play for 6 maybe 7 but that is hard to find

**Steve Nolan 6S.** If partner had the missing high spades and solid diamonds and a distributional monster, I would have expected a jump shift in the second round. So something is missing (probably the spade king or queen) and I don't think the grand slam should be bid. Odds on the small slam coming in are excellent so I bid it.

**Jane Marshall: 6 Spades.** My hand shouldn't take control with a 4NT keycard bid. What would I do with the information? My hand is too good for us to stop at 4 spades. If 6 doesn't make, why did partner bid diamonds 3rd time??? I don't know a scientific bid which fits this problem.

**Bill Holt: 5S** "How good are your spades?" If most of partner's HCP are in diamonds then 6 is in jeopardy. Holding KQJ of S we might make 7. I don't want to lose the match in 7 going down so will settle for 6 with my misfitted, but control-rich hand

**Chris Wang** .I bid 4NT . If partner shows 1 key card, I sign off in 5S If partner shows 2 key cards, without the trump queen, I bid 6S If partner shows 2 key cards with the trump queen, I bid 5NT and see where it goes.

**Fred Schenker:** I bid 5S. Bid 6 with 2 of top 3 honors. Don't know if it makes, but it is redimps. I'd prefer to have a 4th S, but pard might be 6-5. If pard doesn't have KQ of S, I'm pretty sure we can make

**Gail Carns 4N** Keycard blackwood I don't want be be 7S without the SQ

**Asim Ulke** I bid 5S. A general slam try. Partner is at least 5-5 in S and D. I do not have enough Spades to cover the losers in diamonds. H queen is wasted

**Stan Ruskin 4H** It sounds to me that 7S is a distinct possibility. Once I bid 2S, which should set the trump suit, other bids are cue bids so 3D and 4D should be the AKD. If partner has KQxxxS or KQxxxxS, there should be an excellent play for 7S. Partner could also have this hand and have XXC and we would have no play for the grand slam so I need to find out if he has 2<sup>nd</sup> round control of C. Thus, I would bid 4H (I know, I don't have the KH) and see what follows. If he has a singleton C, he should bid 5C and if not 4S since there isn't anything left to show. If he does bid 5C, I will bid 5NT which should be asking for 2 of the 3 top honors in S to bid 7S and if not to settle for 6S.

**Ernie Retetagos: 4 No Trump.** If partner shows 2 key cards with the Queen, I'll bid 5 NT. Maybe partner can bid 7, knowing that we have all the key cards.
