**Monday July 26's game is in the 2<sup>nd</sup> FLOOR SEWING ROOM (where Don Averbach's Wed game used to be) and is a Regular Club Game.**

The 299er section will be merged into the Open Pairs IF:

1) There are fewer than 3 full tables in the 299 section

OR

2) The Open section has too few tables forcing me to use a Howell movement. I have many requests to be stationary and Howell movements require too many people to move around. Let's be kind to as many people as possible who need to be stationary throughout the game.

**EXTRA POINTS at 13 more future games between now and Dec 31, 2021**

**Charity Games (\$9/player) will be held every 1<sup>st</sup> Monday of each month.**

We will run as many Club Championship, Upgraded Club Championship and Charity games as the ACBL allows. All 3 types of games give extra points to winners with Upgraded ones having super-duper points! Only charity games require an extra \$1/player.

As soon as we have enough players to run both the Open and 299 sections, I will run an Upgraded Club Championship game at no extra cost for both sections.
